A QUICK GUIDE TO MOAB LIQUOR LAWS

I.D. CHECK FOR ANY PURCHASE

Utah law requires **100% ID CHECKING** for all alcohol purchases regardless of age. This includes ordering in a restaurant, or buying it at a local store.

BUYING ALCOHOLIC DRINKS

You can buy beer that is **5% ABV** at most grocery stores and convenience stores every day of the week.

UTAH STATE LIQUOR STORE

963 S Main St

OPEN

11am-10pm
Mon.-Sat.

CLOSED

Sundays
& Holidays

For locally-made products to take home with you, head to:

MOAB BREWERY

PROPER BREWING

SPANISH VALLEY WINERY

They can sell any of their products every day of the week, including Sundays.

DON'T GET BEHIND THE WHEEL

Utah has the strictest DUI limit in the country at **0.05%**

This includes not only driving cars, but riding bikes as well. It doesn't take much to reach that level of blood concentration.

Drinking a glass of water with every glass of alcohol will help keep you hydrated.

RESTAURANT & BARS

If you are headed to one of our restaurants and want an alcoholic beverage, keep in mind that restaurants can only serve alcoholic drinks along with food.

DRAFT BEERS are limited to **5% ABV** (ALCOHOL BY VOLUME)

Higher-point beers are sold in bottles or cans.

You can only buy beer and spirits **ONE DRINK AT A TIME**. You can buy a pitcher of beer to share.

You can purchase wine by the **GLASS** or the **BOTTLE**.

There are **NO "HAPPY HOUR" SPECIALS** on alcohol. Prices on drinks need to stay consistent throughout the day.

TIP: Restaurants get "crafty" with their speciality cocktails as part of the dining experience. Some really innovative cocktails can be found at our local restaurants.

DESIGNATED BAR AREAS

Some of our restaurants have designated areas that are considered an alcoholic bar only. They have a license to sell alcohol without the need to order food. These areas are restricted to 21+ adults. You can order food if you want, but it's not required as it is in the restaurant part of an establishment.

SUNSET GRILL

Every Table a View!

The Sunset Grill is in the former home of "Uranium King" Charles A. Steen. In the early 1950's, Moab was just a small farming community. Monumental places like Arches and Canyonlands were only accessible by a lucky few. In 1952 Charlie, a geologist and prospector put Moab on the world map, forever.
